Coaches and Team Staff:

Steve Milosevski – Head Coach

Chris Orem – Assistant Coach

Previously coached 96 TPH Thunder in 2006-07. Originally from Columbus, Ohio where he coached High School hockey for four years before coaching mini-mites through squirts at various levels. Has coached and been active in youth hockey for over 15 years. Current Power Skating Instructor for all ages in Little Rock, Arkansas.

Philosophy - First and foremost play the role of educator, focusing on player development and developmentally appropriate skill building with an emphasis on demonstrating technical skills because athletes 5 to 12 years old have a difficult time learning through verbal instructions. Keep the athlete physically active and mentally stimulated while nurturing each athlete's ambitions and progression to the next level of play. Continually foster internal motivation for each athlete. Most of all share the love of the game with the athletes

Marty Goodman – Manager
